

## **9 Star Astrology - (5 Earth Year & the Year of Yin Water Snake)**

### **What is in store for you in 2013?**

**By Aroon Ajmera**

**If you think Feng Shui is simply about altering the space, you are taking into consideration only half the picture. Our relationship with time is equally important and that is why it is always necessary for a consultant to review the energy of time of the client before he embarks on the task of making recommendations.**

**We all have three resources; Time, money and energy within us. Energy within us is represented by our health. If we are unwell, we go to our doctor and get our energy rebalanced. If our money situation does not feel right, we go to our financial advisor or our accountant and make the necessary changes. But, how many of us know that time management is most valuable as we cannot get more of it. In our life span we have a limited time and therefore navigating well through the available time we have, will more often place us in the right place at the right time. That is the secret of successful people's lives.**

**Nine Star Ki Astrology is a science that reveals how our own present energies connect with natural and cosmological energy cycles. It is useful to understand this elegant flow of Time, Space and Movement. Our movement is ruled by five energies in relation to our natal (birth) energies of time, within the space of our life's journey and the movement is the activity of our life force within the structure of this time and space, meaning our destiny.**

**Knowledge of your own energy of time is like looking into a navigation system map in your car when you are travelling to see what lies ahead, which turns should we take, where do we have to stop, and where we may face problems and how to get round them.**

**Within the interplay of Yin and Yang, there exists the theory of five transformations based on the energy of solar system's nine planetary bodies, our earth's orbit around the sun and the influence of the sun in relation to the rotation of earth itself.**

**These create the cycles of change-giving us annual cycle of 9 years, monthly cycle of 9 months and daily cycle of 9 days.**

**The annual cycle moves one notch on 4<sup>th</sup> February each year-causing our natal (birth) energies of time moving into a different zone of one of the five elements. Each zone has certain elemental energies, which either nourish our birth sign, be nourished by our birth sign or conflicts with the birth sign. Our success or lack of it depends on the influence of this flow of energy and our ability to comprehend what each zone will offer us.**

**Let us assume that you do not know your own character number (first number of the three which makes up your character), under the 9 Star Ki Astrology. It is easy to work it out. Just look at the year of your birth in the chart below and you will instantly find out your character number. Provided you are born on or after 4<sup>th</sup> February in that year, your star number is the one in the top column between 1 and 9. If your birth date is between 1<sup>st</sup> January and 3<sup>rd</sup> February of any given year in the chart, your character number will be the one at the top of the previous year of your birth. Once you know this-you will easily figure out the type of year you are likely to have through this article. Your star (character number) moves to a new zone on 4<sup>th</sup> February 2013 and will stay there until 3<sup>rd</sup> February of 2014.**

**Now that you know your character number or birth star, and whether you are a 1 water person, or 2,5, or 8 earth person, or 3 or 4 wood person, 6 or 7 metal person or a 9 fire person, you can see where it will move to on 4<sup>th</sup> February 2013 in the following table.**

**Year 2013-Locations of all 9 birth stars:**

**From 4<sup>th</sup> February 2013 to 3<sup>rd</sup> February 2014**

**Table One-showing which zone your star occupies in Year 2013**

<b>Zone4</b> 4	<b>Zone9</b> 9	<b>Zone 2</b> 2
<b>Zone3</b> 3	<b>Zone5</b> 5	<b>Zone7</b> 7
<b>Zone8</b> 8	<b>Zone1</b> 1	<b>Zone6</b> 6

For reference only, the following table is the Universal Chart or Lo Shu Square showing how your birth sign moves each year from zone to zone: Each zone has certain qualities of energy (like zone 7 below has quality of energy of Abundance, joy and celebration). Each zone also elementally reacts to your birth star (it nourishes it, it is nourished by it, is controlled by it or it controls it). That is why although an earth person in zone 3 wood may expect good luck and growth in zone 3 wood, the zone 3 wood determines the circumstances. The element wood dominates the earth so getting what you expect may not be easy, if your element is controlled by the element of the zone you are in.

**The following diagram only shows the zone locations and how they move:**

(While reading the 9 paragraphs below, please look at the table 1 above of 2012)

**Moving from zone 1 to 2:** for 2 Earth people, year 2012 was the time for self-nourishment, planning, research and looking into the future- as the 2 earth people were in the 1 water zone. Now they will be moving up in 2013 to 2 earth zone for planting the seeds for future growth and making some drastic changes in their methods of operations. They will be in their own house and comfortable through the year.. We are talking about people like Tom Cruise and Tony Blair. We can already see some new activities of Tom Cruise Shaping.

**Moving from zone 2 to 3:** For 3 wood people, 2012 was the year of planting the seeds for future growth, to take advantage of the lucky year ahead. We are referring to Barack Obama. He did succeed in that. In 2013, he will have a chance to be in the year of new projects, good luck and growth. He is now visiting the elemental zone of his own sign (3 Wood). He is already feeling the urge to do better than in 2012 and it is now time to grab the opportunities which come his way. His primary task is to deal with the 'Gun' control rules amendment.

**Moving from zone 3 to 4:** 4 wood people were in zone 3 wood in 2012, the zone for getting the potential benefits of good luck, new projects and natural growth. Here we are talking about Andy Murray and Novak Djokovic. Their activities will pick up the momentum in 2013 as they move into 4 wood zone of accelerated growth and lucky new projects. This zone 4 is also known to be a zone creating movement without stability. They both need to remain grounded. One who is less grounded will lose the Australian open for which they are both poised to battle.

**Moving from zone 4 to 5:** 5 earth people had two years of good luck, growth and new projects. They will enter zone of 5 earth, where they will be very comfortable to a great extent as they will be entering the zone of the element which brings them to the center of everyone's focus. They will have a year of being the centre of attention, though it will be an unpredictable year of ups and downs like a roller coaster ride. The famous 5 metal star is our Richard Branson of Virgin Airlines and Trains for which things were outside his control recently but will now be stabilized.

**Moving from zone 5 to 6:** in 2013, 6 Metal people move into 6 metal zone known as heaven. They will be reaping the benefits of all the hard work in the previous three years and will feel like being in the harvest field. They will have to work hard but they will enjoy seeing the fruits. It is a

profitable and rewarding zone and the rewards can be tangible or intangible. This energy will affect Carla Bruni and Nicole Kidman.

**Moving from zone 6 to 7:** 7 Metal people move into 7 metal zone, the zone of abundance, joy and celebration. – The following will benefit through the year- David Cameron and Nick Clegg. It will be a year of relaxation in their own house in spite of some differences in policy issues on which labour party is rejoicing.

**Moving from 7 to 8:** 8 Earth people are moving into the zone of 8 earth, known as 8 mountain. . They will become quiet and experience the stillness and calm, as if they are in a cave. It will be advisable for them to be less communicative so that they can do more of self-reflection and inward research as to which direction they are going from here. We are talking about the likes of Mitt Romney, Hillary Clinton and Elton John. For them it will be a year of calm before the storm.

**Moving from zone 8 to 9: 9 Fire people will get into 9 Fire zone – They will be not only be in their own home but will also get greater exposure with fame and recognition. The fame can be positive or negative and the universe will place them under a magnifying glass to see their capabilities.-This can create a very busy 2013 for them, one way or the other. Time will be an issue. Famous 9 fire stars are Bruce Willis and Bill Clinton and Bill Gates.**

**Moving from zone 9 to 1: 1 water people will enter the zone of 1 water – after a hectic year in the 9 fire house in 2012. What a sigh of relief .in lowest activity year 2013... They will be involved in planning, desk work and contemplating about the future. The famous 1 water stars are Nelson Mandela and Nicolas Sarkozy..Nelson Mandela was surely in limelight in 2012 with his health issues.**
